

## **Gardening Consultants' Council Purpose**

The purpose of Gardening Consultants' Council is to promote the interest and love of gardening among its members. One way this is accomplished is by the Council's supporting programs within the Federation on gardening. Money raised by the Council helps pay for speakers for a Morning of Horticulture or a horticultural speaker for a state meeting.

The Council also has programs for its membership, which may include trips to gardens to learn various gardening techniques and plants, and talks by experts in person or via Zoom on horticultural subjects. Information on gardening topics is shared among the members through the membership chairman and email.

A person can become a member of the Council once they have completed two Gardening School courses and pay the \$10 dues.
