

*Nurture Nature*

## Monday Memo

November 18, 2024

Hello Everyone,

-**On Thursday, November 21st**, two senior representatives from the underwriter will be presenting an Introduction to **Directors and Officers Policy** and will be answering questions. This will be followed by a brief presentation by our insurance agent, Jeff Helm, describing our Federation “umbrella” liability policy and an explanation of liquor liability. Any club member is welcome to attend. Registration if required. [Click here to register.](#)

-The “Schools” website page has been updated. I think you will find the layout clean, clear, and informative. [Click here to view.](#)

As always, we are open to suggestions of edits you think it might need. Please reach out to [GCFMWebmaster@gmail.com](mailto:GCFMWebmaster@gmail.com).

-NGC has added a link on their website to see all the pavers that have been purchased and installed to date on the Pathway to Success, about ¼ mile long. The **Path of Success** is a walking path located on the grounds of NGC's headquarters in St. Louis, Missouri and will link to the Missouri Botanical Gardens, spreading more awareness of NGC than ever before. This project also serves as an educational platform, showing the rich history and mission of NGC. Just a reminder that pavers can still be purchased. **November 26th** (National Giving Tuesday) is the cut off date for orders. [Click here](#) to view the Massachusetts 2 pavers that have been installed to date.

-It is with heavy heart that we have to announce the death of a long time and former GCFM Board member, Adrianna O’Sullivan on October 18, 2024. She held many positions such as Chairperson of Horticulture, Chairperson of Gardening Study School, Chairperson of Landscape Design Council and she was a South Shore District Director. We appreciate and are deeply grateful for her many years of dedication to GCFM. [Adrianna’s obituary.](#)

Enjoy each day. 🌻

Marjorie Dienhart  
GCFM President
